What is *Inside America*?

Inside America is a unique DVD that helps non-native speakers of English improve their listening-speaking skills as well as their ability to use English effectively within American culture

Thirteen DVD units illustrate everyday life in the United States. Each unit begins and ends with a candid interview in natural, authentic speech.

How do students use it?

Students watch the DVDs and use them to:

- increase their listening comprehension
- gain familiarity with norms of American culture
- practice English in the classroom
- learn vocabulary, styles, body language
- understand social contexts in which the language is used
- build confidence in their ability to succeed in the United States.

Who benefits?

- Students in high-intermediate listening-speaking classes
- Newcomers who want to understand everyday life in America
- Immigrants preparing for citizenship
- People overseas who are about to live, study or work in the U.S.
- Learners in individualized labs

How will it meet your needs?

- *Inside America* shows real life in the U.S., not a Hollywood version. The video is packed with scenes of average people in their daily lives.
- *Inside America* is filled with high-interest activities that prompt students to speak English on the phone, in community contact, interviews, oral projects and other practical situations.
- The DVD and activities engage students visually and kinesthetically.

Featuring the "Write In Book"
